Consultancies

Consumer & Insights (Colombia)

Q1 2022

Assisted with estimating the demand price-elasticities of several products (MNL model) and developed some sales forecasts using SARIMA and the Holt-Winters model.

LATIR Foundation (Colombia)

Q4 2021

Assisted as a volunteer in formulating the strategic plan 2021 to 2025 of the NGO and assisted with some board of directors' decisions around its implementation.

Building Company (Colombia)

Q4 2021

Proposed a budget assignment using quantitative tools, particularly a VEC model, of several advertising channels to improve their leads and sales.

United Nations Development Program - UNDP (Colombia)

Q3-Q4 2021

Assisted in the literature review and proposed tests to evaluate a program promoting alternative methods of resolution of conflicts in areas with challenging institutional situations.

Company of Personal Care Products (Colombia)

Q1 2021

Developed a budget focused on the capital work of the company to project and take control of their cash flows.

District Secretary for Security, Coexistence and Justice of Bogota (Colombia)

Q3-Q4 2020

Supported in the literature review and propose tests to find people's characteristics that make them more prone to search for formal conflict resolution mechanisms once they have a legal necessity. The main issue with the local government is that gender violence within families is not usually reported to authorities.

Collection Company (Colombia)

Q2 2020

Worked in the literature review and proposed tests to find debtors' characteristics who are more prone to comply with a payment agreement.
